

COSMIC TRIBE

COSMIC TRIBE characterize the "Neo Hippie Space Rock". The style of the band combines New Rock and Heavy Grunge Rock with melodic Stoner Rock. Pulsating, poppy, groovy. Hard and light as a feather. Driving and breathing.

COSMIC TRIBE bring the legendary sounds of Led Zeppelin, Pink Floyd, up to "the wet 'The Doors' sex appeal" to life. Inspired by everything that played the passionate strings of music, right up to today's heavy rock and nu rock bands, they are already known as support from PERSONA NON GRATA (ex-Kyuss), MOTHER TONGUE, TEN YEARS AFTER and SUB7even.

COSMIC TRIBE are a live music experience, a groove guarantee, "Grooveshit, Baby!". With the current line-up on tour and in the studio since 2005, the band is not only captivating through sound cosmos and exuberant passion, but is also an overall experience because of the stage presence of striking front man, Olli 'Acid Eyes' Busse - Tim Burton meets Freddie Mercury.

COSMIC TRIBE's album UNDER THE SAME SUN (Artist Station Records / Soulfood, 2013) inspired top producer Beau Hill (Alice Cooper, Bad Brains, Bob Dylan, Ratt, Warrant, Europe) to remix and master the title track "Under The Same Sun" for the international radio airplay.

With their following long player GRAVITY (Artist Station Records, 2016), COSMIC TRIBE broke the chains of the present, recorded moods seismographically and created zero gravity. An album that not only convinced with the catchy singles "Dance With Me", "Shout" and "Serenade To Freedom".

With their upcoming release "The Overlord" (June 15th 2020) COSMIC TRIBE create a musical road trip through space and time. The new concept album contains all facets of the band - fat riffs, psychedelic melodies and gripping grooves, carried by an unmistakable voice.

The album "The Overlord" is based on the story of their club hit "Come Closer" (Under The Same Sun, 2013) and tells a story of running away and arriving, a life between the worlds, between love and aggression. It is a journey into the real me and the search for freedom. Main role is the "Overlord", a dazzling ambivalent personality, and the "Vagabond", a young runaway in search of himself. Thrilling, exciting, emotional, sometimes rocky and sometimes ballad-like ...

Bandmembers (from left to right):
Andre 'Bromme' Bromberger – Guitar
Gernot 'Buzz G' Busse - Guitar
Olli 'Acid Eyes' Busse - Voice
Lars 'Silver' Riedel - Drums & Percussion
Peer 'Viking' Riedel – Bass guitar
